To participate as a **sponsor**, email:

chhs@gatech.edu

The aim of the 10th annual Health & Humanitarian Logistics (HHL) Conference is to provide an open forum to discuss the challenges and new solutions in disaster preparedness and response, long-term development and humanitarian aid, and global health delivery.

This is the first time, the conference will be hosted in Dubai, a staple humanitarian hub. Representatives from the humanitarian sector, government, NGOs, foundations and private industry, and academia will collaborate and present diverse perspectives in health and humanitarian challenges through keynote addresses, panel discussions, focused workshops, and interactive poster sessions.

Co-organized by

Northeastern University
